Cargolux pushes global consistency with new product portfolio

Luxembourg, 5 May 2015 – Cargolux Airlines International S.A. launched a range of new products at the Air Cargo Europe event in Munich today that continue to build on the company's existing core competency and leverage on the evolution of its global presence.

For 45 years, Cargolux has delivered service excellence for air cargo shipments ranging from delicate products, such as semi-conductors, to perishables and outsized, heavy machinery. With a focus on the specific needs and requirements of the industry, Cargolux now introduces a portfolio of eight specialized products. CV Classic covers general cargo; CV Jumbo handles outsized and heavy freight; CV Power is dedicated to cars, engines and items such as helicopters; CV Hazmat deals with all classes of dangerous goods; CV Pharma serves the needs of the pharmaceutical industry; CV Fresh handles all kinds of perishables; CV Alive is dedicated to live animals and CV Precious covers artworks and valuable cargo.

"I believe that focusing on this new portfolio of products will significantly boost our support of the businesses of our customers and their customers and strengthen the good relations we enjoy with our partners in the industry," says Niek van der Weide, Cargolux EVP Sales & Marketing.

With today's launch, Cargolux aims to deliver an enhanced global consistency in its worldwide network and, in doing so, increase the share of specialized products in its portfolio, further focusing on industry specific needs by thinking beyond the flight and responding to the requirements of customers with door-to-door service needs.

About Cargolux Airlines International

Cargolux, based in Luxembourg, is Europe's leading all-cargo airline with a modern and efficient fleet composed of 12 Boeing 747-8 freighters and 11 Boeing 747-400 freighters. The Cargolux worldwide network covers 90 destinations, some 70 of which are served on scheduled all-cargo flights. The company has more than 85 offices in over 50 countries, and operates an extensive global trucking network to more than 250 destinations as well as full and part-charter services. Cargolux also offers third-party maintenance at its modern two-bay maintenance hangar in Luxembourg. The company is specialized in B747 line and hangar maintenance up to and including C-Checks. It offers a range of specialized maintenance services and holds line maintenance approval for B777 aircraft. Cargolux employs over 1,500 staff worldwide.
