

## **Network Airline Services and ANA Aviation Ltd**

### **Strengthen Their Relationship with Amerijet International Inc.**

As of November 2, 2017, Network Airline Services (CDG office) extended its contractual territory with Amerijet International Inc. to include Malta. Our customers in this country can now book their shipments on Amerijet's flights through their local NAS office and these transactions will be managed and directed through our team in France.

ANA Aviation Services Ltd is also pleased to announce its appointment as cargo GSA for Amerijet in Dubai, UAE, starting January 1, 2018.

Network Airline Services and ANA Aviation Services Ltd are the GSA branches of the Network Aviation Group.

One of Amerijet's primary goals has always been, and continues to be, developing long-term relationships with their customers, GSAs and business partners, by providing first-class shipping services, equipment, and facilities. Amerijet's dedication to quality service and its entrepreneurial spirit motivate the company to constantly seek the best methods of providing optimal service to its customers. As a worldwide carrier with a leading presence in its primary service regions of Latin America and the Caribbean, the company is poised for continued global growth.

Florent Turlier, Group Business Development Manager for NAG, says, "Our global network of offices and knowledge of the Amerijet market were significant factors in us winning these important new contracts. In 2015, we were able to extend our agreement in the country of France to include South Africa. Today, another milestone has been reached and we are truly proud of our long-standing relationship with Amerijet and look forward to expanding their presence in the Middle East and Malta markets by representing these flights across all of our locations."

Simon Pantin, Director of Global Network Development of Amerijet says, "We are very pleased with the quality of representation and the performance of Network Airline Services in both France and South Africa and are excited to have the group expand to represent us in Malta and Dubai. Network Airline Services and ANA Aviation are perfectly positioned to meet Amerijet's needs and we look forward to building a stronger, more successful partnership with them."

"Moreover, both companies share the same vision: a focus on innovation, trust, and integrity, and the same mission: to ensure long-term profitable relationships with our customers and business partners, added Florent Turlier."

## **About Amerijet:**

With more than 40 years of experience in the cargo industry, Amerijet operates its own dedicated freighter fleet of B767-300/200 aircraft from its primary hub at Miami International Airport to 38 destinations throughout the Caribbean, Mexico, Central and South America. The company provides more main deck capacity to more destinations with more frequency than any other all-cargo operator in its service region. Amerijet's global network reaches 476 destinations in Europe, Asia, Pacific, South Africa and the Middle East with seamless and transparent transportation solutions for customers shipping time-sensitive, valuable and temperature controlled commodities.

Within the United States, Canada and Mexico, Amerijet partners with premium regional and local asset-based carriers to provide full truckload, less-than-truckload and expedited services. Throughout the company's international service region in the Caribbean, Central and South America, Amerijet offers clearance and last mile delivery for commercial customers across many industries.

## **About Network Aviation Group:**

### **Our GSSA Division**

Incorporating Network Airline Services Network Cargo Management and ANA Aviation Services, we represent more than 20 airlines in our capacity as general sales and services agent (GSSA) providing airlines with tailor-made services to maximize their air cargo revenue and increase market share.

With 43 offices across five continents, we are strategically positioned to provide airlines with cargo GSSA representation on a global, regional, or national basis.

### **Our Freighter Division**

Network Airline Management manages a fleet of B747F and MD11F aircraft and has over 30 offices across the globe. Our group handles over 70,000 tonnes of cargo annually offering a variety of sales and services to client airlines, as well as managing a fleet of freighter aircraft on a network of scheduled routes and charters throughout the world.
