Al-Gosaibi goes live on Kale Logistics Solutions' CAPELLA – comprehensive CFS/ICD Management System

Mumbai, May 07, 2018: Kale Logistics Solutions, a trusted IT Logistics partner for Fortune 500 companies worldwide, announced that its Saudi Arabian Client Al-Gosaibi has gone live on CAPELLA - a state-of-the art CFS/ICD Management System.

Al-Gosaibi is a well-known brand, associated with versatile businesses like Shipping, Banking, Manufacturing, Services, Trading, Agriculture, among many others. Over the years Al-Gosaibi has also developed and branched out in specialized shipping vertical such as agency, stevedoring, inland container transport, general cargo, forwarding, import/export brokerage, and the repair / maintenance of tug / service boats. It is one of Kingdom's leading shipping agencies, providing shipping services throughout the country's ports.

Speaking on the development, Mr. Vineet Malhotra, Director, Kale Logistics Solutions said, "Saudi Arabia is emerging as the next-place-to-be for transportation and logistics industry and our solutions are witnessing rapid acceptance as we understand the needs of regional logistics businesses. We are confident that our system will address all the concerns that AL-Gosaibi has had with their earlier system. We look forward to a long-term association with not just Al-Gosaibi. This association has enabled us to spread our business across the Kingdom."

CAPELLA Container Freight Station / Inland Container Depot Management System addresses myriad challenges and fulfills complete needs of CFS and ICD operators. Built on the foundation of thorough industry knowledge and technical expertise, it is adept to drive complete automation and visibility in container management functions. The solution addresses all the major issues faced by the CFS /ICD operator in terminal EXIM and domestic operations, container inventory & yard management, bonded & non- bonded warehousing, back to town processes, maintenance & repairs. It also possesses a comprehensive reporting tool.
